

Dr. Constantin Cope Medical Student Research Award

PURPOSE

The purpose of this award is to introduce interested medical students to the greater interventional radiology community at the SIR Annual Scientific Meeting. The intent is to recognize the student author of an accepted abstract that best honors the spirit of inventiveness and scientific purity. Medical students at an accredited medical school who have demonstrated an interest in interventional radiology as a career and have participated in an original research project may apply.

AWARD

The Annual Meeting Research Award Committee selects up to six recipients of this award each year. Each recipient will receive a \$1,000 travel stipend and complimentary registration to the SIR Annual Scientific Meeting.

ELIGIBILITY

1. Primary author must be a medical student at an accredited medical school and must present the abstract as an oral presentation at the SIR Annual Scientific Meeting. (Abstract decisions may not have been communicated yet but applying for this award by the deadline is highly encouraged).
2. Candidate does not need to be the principal investigator of the research project but must have had a meaningful role in the research.
3. Research must be original and must have been conducted under the guidance of one or more SIR members, one of whom agrees to be present for the oral presentation.
4. Recipients of the Dr. Constantin Cope Medical Student Research Award Recipients are expected to participate in the SIR Foundation Awards Ceremony Plenary session during the SIR Annual Scientific Meeting.

***Please note that previous Cope Medical Student Research Award recipients are ineligible to apply for this award again.**

APPLICATION PROCEDURES AND DEADLINE

Applicants are to submit their completed applications via the online form found at apply.sirfoundation.org.

Abstract submissions are due **September 22, 2023, at 5 PM ET.**
